The BRVM ended this week down, with 139.12 points for the BRVM 10 index (+1.33%) and 150.89 points for the BRVM Composite index (+1.75%). The capitalization of the equity market stood at 4 492 billion francs CFA. The equity market transactions amounted to 2 012 million francs CFA at the end of the week, mainly driven by « Publics services» (83%) sector. PALMCI stock recorded the largest growth this week with a gain of 13.97%, while SUCRIVOIRE stock showed the largest decline with a lost of 10.46%. On the commodities market, the main prices we follow ended the week down except cocoa prices : + 6.29% in London and + 8.19% in New York.

The Chief Economist's Analysis [a focus on CROWN SIEM CI]

CROWN SIEM completes the first half of 2019 with overall declining performance compared to the same period of the previous year. CROWN SIEM's turnover amounted to CFAF 9,503 million as of June 31, 2019 compared to CFAF 11,029 million at the end of June 2018; ie a depreciation of around 14% which stems from the drop in sales in all branches, except the food branch. Over the same period, the company's operating profit decreased by 49% in line with the drop in sales volumes in certain segments, the contraction in prices agreed for contract renewal and the rise in the cost of metal in the second trimester. This situation led to a 49% decline in net profit, which fell from CFAF 764 million in the first half of 2018 to CFAF 388 million the following year. On the stock market, the CROWN SIEM share recorded a capital loss of 56% in 2019. At the start of 2020, the share price rose to CFAF 130. At the close of the session on January 17, 2020 the stock displays a value of CFAF 125. The evolution of the stock price should not undergo significant changes in the short term because of the lack of positive prospects for the company. The results for the 2019 financial year should be in line with the downward dynamics observed, especially since the second semester was a very unfavorable period for the company in previous years.

News BRVM Corporates

□ **[PAA]:** The General Manager of the Autonomous Port of Abidjan (PAA), Hien Sié Yacouba, and Régis Oliveira, General Manager of Terra signed on Wednesday January 15, 2020 the agreement to renew the concession for the management of the PAA road terminal. This signing was made in the presence of the Minister of Transport Amadou Koné and Moussa Sanogo, Minister to the Prime Minister, in charge of the Budget and the State Portfolio. As part of this new concession, Terra, the concessionaire company, commits to investing 20 million euros for the development of new storage areas, the construction of operating buildings and the gradual renewal of equipment. At the end of the works, the company will be able to process 70,000 vehicles per year. Currently, the road terminal in Abidjan has 37,500 m² of floor space for vehicle fleet and 19,500 m² of floor space for shops.

□ **[ORAGROUP]:** The Oragroup commercial paper issue closed on December 04 was a success with a 100% subscription for a total amount of 35 billion CFA francs. This 2-year loan offers an interest rate of 6.10% gross per year and is guaranteed 100% in interest and capital by African Guarantee Fund (AGF West Africa).

Market News

□ **[WEST AFRICA]:** At the end of an extraordinary meeting held on January 16, 2020, the Convergence Council of the Ministers of Economy and Finance and the Governors of the Central Banks of the Member States of the West Africa Monetary Zone (WAMZ) have, through a communique, expressed their concern about the declaration by the President of Côte d'Ivoire, Chairman of the Authority of Heads of State and Government of WAEMU, on December 21, 2019, relating to the change of name of the common currency of the Union, the "CFA Franc", to "Eco" by 2020. The Convergence Council qualified this action as "unilateral" and emphasized that it would not be in line with the decisions of the Authority of Heads of State and Government of ECOWAS for the adoption of the "Eco" as the name of the ECOWAS Single Currency. It therefore recommended that an extraordinary summit of the Authority of Heads of State and Government of the WAMZ be convened soon to further discuss this matter. The WAMZ includes Gambia, Ghana, Guinea, Liberia, Nigeria and Sierra Leone.

□ **[CÔTE D'IVOIRE]:** According to a statement from the Ivorian government, 239 companies obtained a favorable opinion to benefit from the provisions of the Investment Code in 2019, for a total amount of planned investments, evaluated at 729.7 billion FCFA, against 702.9 billion FCFA in 2018 and 466.2 billion FCFA in 2017. This good performance would be explained mainly by the continuous improvement of the business environment through, among others, the incentives adopted to increase the production of agro-processing companies.
