The Stock Market

The Chief Economist's Analysis [a focus on BOA NG]

At the end of the 2018 financial year, the performance of the subsidiary of Bank Of Africa Group in Niger increased. Net Banking Income stood at 20,630 million FCFA, up by 8% thanks to a significant increase in the interest margin (58%). Net banking income would have been higher if the bank had realized net gains on investment portfolio transactions. Net result also increased (+11%) to reach 7,666 million FCFA. On the stock market, after a decline of 10.1% in the first week of 2019, the stock price of BOA Niger is following a general upward trend. On 22 March 2019, it stands at 4,200 FCFA, a gain of 7.7% compared to its price at the beginning of the year. This evolution could reflect in particular investors' arbitrage in favor of relatively accessible securities with attractive returns, like the BOA NG stock in the BRVM "Finances" sector. In addition, prior to the publication of its 2018 annual results, the bank had already some interesting prospects, as suggested by its third quarter results, published in December 2018. The General Meeting to be held on April 05, 2019 should endorse the distribution of a net dividend per share of 385.95 FCFA for the 2018 financial year, an increase of 1.7% compared to the previous financial year. The attractiveness of the stock should broadly strengthen, at least until the effective distribution of dividends.

News BRVM Corporates

□ **[TOTAL CI]:** The agency Bloomfield Investment has made the financial rating of the Ivorian subsidiary of Total. Thus, Total CI has obtained the rating "AA" on the long-term with a stable outlook and the rating "A1-" on the short-term with a stable outlook. These ratings classify Total CI in the "investment grade". The positive factors on which the rating is based are, among others, the maintaining of the company's leadership in the oil products sales segment, improved performance indicators and a low risk of management breakdown. The main factors of fragility identified by the rating agency are the need to strengthen capital, the intensification of competition and the fragile socio-political environment.

□ **[ONATEL]:** The Burkinabe mobile phone operator ONATEL has published its annual results for the 2018 financial year. Turnover was down by 2.3% to reach 159 billion FCFA. Operating income benefited from cost optimization efforts to reach 46 billion FCFA, up by 5.5%. Net result stood at 31.8 billion FCFA, up by 12.5% compared to 2017. The Board of Directors of the company will propose to the General Meeting of Shareholders the distribution of a gross dividend per share of 467.84 FCFA.

□ **[BOA BF] :** The Bank of Africa Burkina Faso Shareholders' Meeting to be held on April 2, 2019 should endorse the distribution of a net dividend per share of 366 FCFA for the financial year 2018, an increase of 2.2% compared to the previous year.

Market News

□ **[CEMAC]:** In 2018, the economic activity of the CEMAC member countries was marked by the rise in the price of a barrel of crude oil, the increase of its production in some countries, and the dynamism of the non-oil sector, combined with the continuation of macroeconomic and structural reforms by the Member States. Thus, the economic growth of the CEMAC stood at 1.7% in 2018 (compared to 0.2% in 2017). Forecasts for 2019 assume: an economic growth of 3.2% for the CEMAC; an inflation rate of 2.1%, as in 2018; a surplus in the fiscal balance, including grants (commitment basis), of 0.9% of GDP, compared with a deficit of 0.7% of GDP in 2018; a worsening of the external current account balance, from 1.6% of GDP in 2018 to 5.0% of GDP in 2019. On another part, BEAC signed two agreements leading to the concretization of the merger of financial markets of CEMAC. These include the transfer agreements for securities and their management support between, on the one hand, the BEAC and the Autonomous Depreciation Fund of Cameroon and, on the other hand, the BEAC and the Central Africa Regional Stock Exchange. The merger process should result, by June 30 at the latest, in a new configuration of the regional financial market articulated around 3 points: (i) a single regulator, based in Libreville, (ii) a single stock exchange whose seat is fixed in Douala and (iii) a single Central Depository of the financial market provisionally housed at the BEAC in Yaoundé.

□ **[BENIN]:** Benin has issued the first international bond in its history, successfully raising 500 million € for a maturity of 7 years with an interest rate of 5.75%. The total amount of bids was 1.25 billion €. This issue will allow the financing of flagship projects of the Government Action Program.
