## The Chief Economist's Analysis [a focus on BANK OF AFRICA SN]

At the end of the 3rd quarter of 2020, BOA Senegal's net banking income stood at CFAF 20,986 million against CFAF 20,728 million in the same period of the previous year, i.e. an increase of 1.2% in connection with the 5.2% improvement in loans. The net profit of the bank shows a decrease of 10.2%, going from CFAF 6,144 million as of September 30, 2019, to CFAF 5,517 million as of September 30, 2020. This change could be justified by the impact of the Covid-19 pandemic on individuals and businesses as well as by the measures taken by the bank to deal with it. The BOA Senegal share price shows an overall decreasing trend between the start of 2020 and July 23, when it trades at CFAF 1,295, i.e. a decline of 16.2% compared to the start of the year. The price of the stock rose slightly thereafter and ended the session of December 18 at CFAF 1320 (-14.6% compared to the beginning of the year). The downward momentum of the share is explained by the effect of the health crisis on the performance of the company, and should continue until December 31, 2020.

### News BRVM Corporates

**[TOTAL SN]:** TOTAL SENEGAL will pay dividends of CFAF 105.3 net per share on 12/22/2020.

**[NSIA BANQUE CI]:** NSIA Banque CI will increase its capital through a partial contribution of assets from the branch of NSIA Banque Benin. This operation will result in the creation of one billion five hundred sixty-four million five hundred and seventy-two thousand (1,564,572) new shares with a nominal value of one thousand (1,000) FCFA. Each of these new shares will be distributed among the shareholders of NSIA Banque Bénin. The vesting date for the new shares created is set for January 1, 2020.

**[PUBLIC TREASURY]:** The Regional Stock Exchange informs of the payment of half-yearly interest and the repayment of the capital of the bond loan called 'TPCI 6% 2017-2025' by the Public Treasury of Côte d'Ivoire on December 29, 2020.

**[SOGB CI]:** Societe des Caoutchoucs de Grand Béréby has announced the appointment of a new CFO in the person of Mr. LOUR Max, replacing Mr. DENOIT de Brouker, who is no longer part of the company.

### Market News

**[NIGERIA]:** In August 2019, Nigeria decided to close its borders to control smuggling and fight against illegal cross-border activities. On December 16, 2020, the country opened 4 land border posts with Cameroon, Benin and Niger (2). The next reopening of the other border posts should take place before December 31, 2020. However, the import of rice remains prohibited.

**[UEMOA]:** In the third quarter of 2020, economic activity in the UEMOA zone was slightly better with an 0.6% increase of GDP compared to the same period in 2019. This dynamic stems from the lifting of restrictions on mobility and the effects of public policies put in place to support economic activity. A GDP growth rate for the year 2020 is expected to be 0.9% against 5.8% in 2019. The disruption of distribution channels and the virtual stagnation of cereal production have driven the general level of prices towards the top. The inflation rate averaged 2.9% in the third quarter, after 1.7% in the previous quarter. The Union's overall budget deficit more than doubled to 5.5% of GDP at the end of September 2020 from 2.4% of GDP a year earlier.
